2. The Examiner's Office Action rejected all of the claims under 35 USC § 112, second paragraph as being indefinite for failing to particularly point out and distinctly claim the subject matter which the Applicant regards as the invention. The claims were also rejected under 35 USC § 103(a) as being obvious in light of certain identified prior art. This Response/Amendment is intended to clarify the claims to remove the Section 112 rejection and place the subject claims in condition for appeal on the Section 103(a) issues alone.

3. The following materials are enclosed herewith to comply with the Revised Amendment Practice set forth in 37 CFR § 1.121:

- a. Amendments to the Claims are reflected in the listing of claims which begin on page 3 of this Response/Amendment; and
- b. Remarks begin on page 12.

**Summary of Claims:**

Kindly amend claims 1, 14 and 25.

Claims cancelled: None.

Claims added: None.
